SAGAR DEVENDRA

EDUCATION

Bachelor of Information Technology
University of Mumbai - Kalina, Mumbai, 01/2020

HSC (Higher Secondary Certificate)
SIWS College N.R. Swamy College of Commerce and Economics & SMT.Thirumalai College of Science - Wadala, Mumbai, 01/2017

EXPERIENCE

Manager - IT Development SMFG India Credit Company Limited - Mumbai, India
09/2022 - Current
Led end-to-end architecture and development of scalable enterprise applications across Salesforce and Angular, delivering complex LOS–LMS integrations. Owned system design, requirement analysis, and delivery, ensuring high performance, reliability, and scalability for large-scale, multi-branch systems (500+ branches). Directed the complete development lifecycle including team leadership, code reviews, UAT support, and seamless production releases. Engineered reusable components and optimized application performance to enhance system stability and user experience. Strengthened platform security by resolving critical vulnerabilities and ensuring regulatory compliance (RBI) across key systems. Delivered advanced analytics and reporting solutions, including 43+ reports and GA4 integration, while driving key product initiatives and continuous application enhancements.

Software Developer Aion Infosystems - Mumbai, India
01/2021 - 09/2022
Spearheaded development and maintenance of responsive web applications using React.js and contemporary web technologies to ensure high performance and scalability.
Partnered with QA teams to identify and resolve defects, driving high-quality release outcomes.
Led cross-functional teams in delivering comprehensive features while overseeing version control and optimising deployment processes through Git.

ACHIEVEMENTS

- Engineered responsive, mobile-first web applications using **React.JS, Angular, Tailwind CSS, and Bootstrap**, ensuring seamless cross-device performance.
- Implemented advanced UI features like **theme toggling (Light/Dark mode)** to enhance accessibility and user experience.
- Delivered optimized, scalable front-end solutions with strong focus on **performance, UI/UX, and cross-browser compatibility**.
- Deployed and maintained applications via **GitHub Pages**, demonstrating complete development lifecycle ownership.
- **Live Portfolio:** https://thesagardevendra.github.io/portfolio/#/achievements
